

Sponsorship Opportunities

Introduction:

The Society of Veterinary Soft Tissue Surgery held its first meeting in 2002 at Keystone, Colorado and has had an annual meeting every year since that time.

The objectives of the Society are:

1. The advancement of the art and science of soft tissue surgery.
2. The encouragement of its members to pursue original investigations, to report unusual cases, and to discuss diagnosis, management and advances of soft tissue surgical conditions.
3. The encouragement of its members to contribute to continuing education in soft tissue surgery and to report in high quality veterinary journals.

Our members are some of the most prominent soft tissue surgeons in the nation. This elite group of surgeons (80 to >100) meets annually in the summer at various locations throughout the country. The Society was organized to allow brainstorming, problem solving, and knowledge sharing, and to promote camaraderie amongst diplomates. Meeting topics are focused at the diplomate level, with presentations and discussion of current research, hot topics and controversies, and tips and tricks for a variety of advanced surgical procedures. Sessions are held over a 4-5-hour period each morning for three consecutive days. Each year, one or more guest speakers with expertise in another specialty or subspecialty area are invited to present advances in their field to the members with 1- or 2-hour presentations. Past special topics have included analgesia, anesthesia, nutrition, wound management, critical patient care, and diseases of the liver and pancreas.

Sponsor Deadlines

Potential sponsors should select their sponsorship level and make payment at least 6 weeks prior to the start of the annual meeting. The meeting occurs during June every year, but the specific days may change from year to year. Early commitment allows for proper scheduling of sponsor moments, formatting of proceedings notes with sponsor logos, and coordination with the venue regarding sponsor tables.

2024 Meeting Information

Dates: June 13th-15th

Location: Clearwater Beach, Florida at the Sheraton Sand Key Resort
